FLIGHT FROM HAVANA

Miss Cisneros' Rescuer Arrives at New York City.

HE RELATES HIS EXPERIENCE.

How Miss Cisneros Succeeded in Boarding the Steamer and the Narrow Escape He Had From Being Arrested and Thrown Into Prison—Weyler's Reign About Ended—Insurgents Are Active.

NEW YORK, Oct. 15.—Carl Decker, one of the rescuers of Evangelina Cosío y Cisneros, from the Casa de Recojidas, Havana, arrived in this city on the Spanish line steamship Panama yesterday afternoon. He was met down the bay by a number of newspaper men and said:

"I was commissioned to go to Cuba and deliver Senorita Cosío y Cisneros from the filthy recojidas prison. I started from New York Aug. 28, determined to free the woman, though I did not see my way clear as the plans to be adopted. After reaching Havana many plans suggested themselves to me, but each one proved impracticable. I tried to bribe the jailor or alcalde, but he wanted \$16,000 for the job, and positive assurance that he and his family could get to the United States. This was too rich a proposition for me."

Mr. Decker repeated the story of the rescue from the jail as already told in his dispatches, and then related what happened after the girl was out of the prison. He said:

"When Senorita Cosío y Cisneros entered our shanty adjoining the jail we let her rest a few moments and then took her to a carriage waiting outside and drove to the house of a friend. The friend was holding a reception that night which was a part of the plot. The man who drove the carriage was one of the conspirators. Senorita Cosío y Cisneros was exhausted from excitement when she reached the house, but she did not give way."

On Thursday morning she was taken to the home of a friend, where she remained in secrecy until Saturday afternoon.

"To reach the steamer for New York she was obliged to walk down Obispo street, the principal thoroughfare of Havana, at a time when the street was crowded, and yet take her time and smoke a cigar. If she had skulked about the back streets she would immediately have been suspected. It was over a mile from the house to the pier. She had a passport made out under an assumed name. All the steamships anchor out in the stream. Senorita Cisneros walked down from the house, clad as a rancher, and my companion and I followed. She sauntered along leisurely and once in a while turned about to see if we were following. We motioned her to go on. She grew more confident as she went along, but we could see that she was under a strain. She got on the launch and we waited, and when the launch returned from the vessel and she was not on it we knew that the scheme had worked like a charm."

"The day after the jail break the town was astir over the escape of Senorita Cisneros, a house-to-house search was begun and would have been kept up had not a telegram from Minister Dupuy de Lome at Washington informed Weyler that the girl was on the high seas and expected any day in New York. Then Weyler was mad. He threw the jailer, Jose Quintana, into jail, whereupon the jailer told about my attempting to bribe him. This, in connection with the surmise of De Lome, placed suspicion on me. I gave it out that I was going to take a steamer for Mexico. There was only one steamer leaving Sunday, and that was a Spanish steamer. I waited for instructions from New York, and had almost made up my mind to start Sunday, instructions or no instructions. My instructions came, happily."

"My passport was made out in the name of Karl Decker. In order to take the Panama Sunday night, and run the gauntlet I must get my passport vised and stamped with the seal of the secretary of the captain general. I knew that my passport would never be signed and I learned that an order for my arrest was determined on and that I was to be arrested at 5 o'clock Monday morning. I got a glimpse of the writing of Senor Carjaval, the secretary of Weyler, and copied it so that I had it down fine. Then I forged the vice signature. I determined to do without the seal. At the last moment I went to the wharf and took the launch for the steamship. The inspector looked at my passport and asked where the seal was. I assumed a nonchalant air as best I could, and told him that Senor Carjaval was at the Inglaterra hotel, and having no seal, he signed his name to a statement saying it was all right. The inspector hesitated, and showed the signature to another inspector, and he said 'all right,' and I was safe."

"The Spanish authorities never thought for a moment that I would take a Spanish steamer. Nearly all the Americans take the American line. They did not think to guard the Panama and watch for me. They arrest all prisoners at 5 o'clock in the morning. They were sure I would be in town on Monday, and they were fooled."

Senorita Cosío y Cisneros received a number of visitors at the Hotel Waldorf yesterday, among them General Julio Sangulley, Henry George, Tom L. Johnson and ex-Postmaster Charles W. Dayton.

WEYLER'S REIGN ABOUT ENDED.

The Insurgents Show No Sign of Willingness to Negotiate For Peace.

NEW YORK, Oct. 15.—A dispatch to The Herald from Havana says: Cap-

tain General Weyler's rule in Cuba will end with the present week. General Castellanos will act as captain general until General Blanco's arrival in Havana from Spain on Saturday night, when he will immediately take the oath of office.

General Weyler, although expressing regret that he had been recalled before he had succeeded in crushing the rebellion, takes the matter philosophically, and is making preparation to sail on Oct. 20. He persists in maintaining that his methods are the only ones that will eventually force the insurgents to surrender.

In the meantime the rebels show no signs of willingness to negotiate for peace on the basis of autonomy. On the contrary, they are preparing to take the aggressive. The large force that started westward last week, it is reported, includes an effective company of artillery. The intention is evidently to join General Castillo and make a demonstration in Havana province.

In Pinar del Rio the rebels have been active during the past few days. They again attacked and raided the town of Cangre, killing several Spanish soldiers. They also ambushed a column of Spanish guerrillas near Mangas, killing more than 20.

The rebel brigadier, Llorente, attacked the old trocha of San Antonio and blew up one of the forts, badly wounding 26 soldiers. The rebels then passed through the trocha driving a herd of cattle.

AMNESTY TO PRISONERS.

A Filibustering Expedition Has Landed in Cuba and Joined the Insurgents.

HAVANA, Oct. 15.—General Weyler, the retiring captain general, has granted amnesty to 46 more political prisoners, including several women who have been incarcerated on the Isle of Pines.

It is reported in official circles that a filibustering expedition, including Jose Loreto Cepero, an American citizen, and 14 others, has been landed at the entrance of the river Arimo, province of Santa Clara, and has succeeded in joining the insurgent forces commanded by Rego.

ALL CUBAN EXILES PARDONED.

Reinforcements of Spanish Troops Hurred to Cuba.

MADRID, Oct. 15.—At the cabinet council yesterday it was decided to pardon all Cuban exiles not included in previous amnesties and to suspend the decree of Sept. 12, relative to legislative reforms in the Philippine islands.

Reinforcements of Spanish troops for Cuba are being hurried forward by the military authorities. About 5,000 additional soldiers will leave Spain for that island before the end of the present month.

NO SETTLEMENT REACHED.

Miners and Operators of West Virginia Fail to Agree.

CHARLESTON, W. Va., Oct. 15.—The effort to adjust the difference between the coal operators of the Kanawha valley and their men has failed absolutely and President Hatchford left last night for Columbus, disheartened over his failure. Two conferences were held yesterday between a committee of miners, including President Hatchford and Chris Evans, and a committee of operators.

The price offered by the operators was 30 cents for soft and 56 cents for hard coal. The miners accepted this, but when the question of a signed agreement to bind all the operators was presented, they objected. They wanted the owner of each individual mine to make and sign a separate contract. This was the first disagreement and the second one was on a demand made by the miners that the men should not be discriminated against for not dealing at the company's stores. The operators refused to agree to this, and the conference was at an end.

President Hatchford feels bitter toward the operators. He said he came here fully determined to settle the strike in some way. The miners, he said, had conceded nearly every vital point and he was convinced that the operators were determined to fight the miners' organization in West Virginia. He says the fight will be continued on the part of the coal diggers and he does not now hope to see a settlement any time soon.

Lake Schooner Founders.

MANISTIQUE, Mich., Oct. 15.—The schooner Kate Winslow, heavily laden with pig iron, foundered in Lake Michigan off Seul Choix Point early yesterday morning. Captain E. J. Guyler and his crew succeeded in reaching the shore without loss of life, and made their way to Whitedale, a small town a short distance from this port. The schooner and cargo are a total loss. The Winslow left Gladstone Wednesday bound for Sandusky.

Miners Resume Work.

PITTSBURG, Oct. 15.—The 3,500 miners of the river district, who have been idle for two weeks owing to a dispute over the differential, have resumed work, pending a settlement of the trouble by arbitration. The resumption was made with the understanding that a decision is to be reached within 10 days, so that the first pay received by the miners can be based on the rate decided upon by the arbitrators.

MIDDLESBORO, Ky., Oct. 15.—It develops now that Robert Wilcox was the man who killed Joseph Gibson from ambush Wednesday night. It is thought the murder was political. Gibson is a brother-in-law of Gil Colson, brother of Congressman D. G. Colson. Excitement is running high. More bloodshed is likely to follow.

NO HALF WAY VERDICT.

Luetgert's Attorney Wants Him Acquitted or Guilty of First Degree Murder.

CHICAGO, Oct. 15.—The flood of oratory continued in the Luetgert trial yesterday, and it will last two days longer. Attorney Phalen, for the defense, concluded his address after speaking two hours, and then Attorney Vincent began the closing address in behalf of the defendant. The main point of his argument was to raise in the minds of the jury a doubt as to whether Mrs. Luetgert is really dead. He admitted that she had disappeared, but insisted that it had not been shown beyond all doubt that she was dead.

Having spent much time in trying to create the doubt in the minds of the jury, he insisted that there should be no half way measures in the verdict.

If Luetgert was guilty of this crime he deserved all that the law could meet out to him, but if he was not guilty beyond all doubt he should be set free. Mr. Vincent insisted that the case was not one for compromise verdicts. It would not do to sentence the prisoner to the penitentiary, because it was just possible that the woman might turn up some day. If the jury believed that there was any likelihood of her turning up at any later day, it was their business to acquit the prisoner now.

JUSTICE FIELD RESIGNS.

Little Doubt That Attorney General McKenna Will Be His Successor.

WASHINGTON, Oct. 15.—The retirement of Justice Stephen Johnson Field from the bench of the supreme court, after the longest term of service on record, was publicly announced yesterday at the court. The correspondence includes four letters. In April last Justice Field wrote to the president informing him of his intention to retire on the 1st of December next.

JUSTICE FIELD.

No response was made to this until Saturday last, when President McKinley acknowledged the receipt of the letter in a complimentary note and accepted the retirement.

Justice Field formally communicated the fact to his associates Tuesday, and on Wednesday they signed a joint letter expressing regret at the necessity which compelled the venerable justice to cease his active labor.

Justice Field was appointed to the supreme court of the United States in 1863 by President Lincoln.

After the adjournment of the court yesterday the justices and the officers of the court called in a body at Justice Field's house and took official leave of the retiring justice. Although his resignation does not take effect until the 1st of December, it is the understanding that Justice Field will not resume his seat on the bench during the interim.

The president apparently has not decided yet upon the appointments that Justice Field's retirement will occasion save that Attorney General McKenna will be nominated for the supreme bench unless some cause intervenes between now and December to prevent it. Mr. McKinley has made some inquiries of political callers which have led them to believe that his mind is pretty well made up on McKenna as the next justice of the supreme court, but to none of them so far as can be learned did he mention the matter of a new attorney general.

TOBACCO SMOKE.

Three and a Half Million Pounds Burned at Durham, N. C.

RALEIGH, Oct. 15.—The city of Durham was yesterday visited by the most destructive fire in its history. Seven-story wooden prize houses, filled with tobacco, and eight dwellings, were destroyed. The total loss is \$250,000, with \$200,000 insurance.

The fire originated at 11 o'clock in the roof of a building owned by H. J. Bass & Company and spread rapidly, enveloping the whole block. At 12 o'clock assistance was telegraphed for from here and a special train was sent half an hour later.

The principal loss was sustained by the American Tobacco company. The heaviest losers follow:

H. J. Bass & Company, stock of tobacco, insured for \$6,000, valued at \$10,000.

W. T. Carrington, stock of tobacco, insured for \$21,000, valued at \$35,000.

American Tobacco company, stock of tobacco, insured for \$95,000, valued at \$125,000.

George W. Watts, two prize houses, insured for \$3,000, valued at \$7,500.

B. L. Duke, two prize houses and two dwelling houses, insured for \$9,948, valued at \$13,000.

Blackwell's Durham Tobacco company, stock of tobacco, insured for \$2,100, valued at \$35,000.

Three and one half million pounds of tobacco were burned.

Election in Nashville.

NASHVILLE, Oct. 15.—The biennial city election was held in this city yesterday. Perfect order prevailed and the election was a quiet one. Full returns from all the wards show the election of B. H. Dudley, Democratic nominee for mayor, by 1,215 majority over Mayor McCarthy, running for re-election on the Good Government ticket, backed up by the A. P. A. organization. The vote was light. The election is construed by the public as a defeat of the A. P. A. doctrines. All the Democratic nominees for councilmen are elected.

St. John's, N. F., Oct. 15.—The schooner Bloodhound is a total wreck near Cape Pine, on the southern part of the peninsula of Avalon. Her crew of seven men perished. Their bodies have not yet been recovered and nothing can be saved.

E. track to get out of the way of a freight train, but ran directly in front of the Knickerbocker. Mrs. Dwyer's husband was killed in the same manner about two years ago.

Held Up and Robbed.

AKRON, O., Oct. 15.—William Martin was held up at the courthouse door and robbed by two masked men. About daybreak the next morning two men answering the description of the men who had robbed Martin, stopped William Moore, a hostler, as he was going to his work and took from him all the money he had.

Car Thieves' Harvest.

LIMA, O., Oct. 15.—The railroads here are suffering at the hands of an organized band of freight thieves. Every night cars containing merchandise are broken into, boots and shoes, clothing, groceries, etc., being stolen. The thieves are very bold and ransack the cars as they stand at the freight house.

Died of Her Injuries.

SARASOTA, O., Oct. 15.—Mrs. Rachel Holden, aged 79, mother of Rev. James Holden, pastor of the United Presbyterian church, who was knocked down and run over by George Johnson, a bicyclist, last Saturday afternoon, and had her left arm and three ribs broken, is dead.

MARYSVILLE, O., Oct. 15.—The large country barn of Mrs. Mary L. Johnson burned to the ground with contents, including two fine work horses, 20 tons of hay and farm implements. Estimated loss, \$1,000, with \$350 insurance on the building.

INVENTOR KILLS HIMSELF.

Life Lost Its Charm When He Failed to Solve Perpetual Motion.

CHICAGO, Oct. 15.—Morton F. Ericson, a young recluse, hanged himself at 146 Milton avenue because he could not solve the problem of perpetual motion. The police found his body after he had been dead for some time.

Numerous models and devices were found in the room. One of them was a fruit cleaner, another was a blotblackening machine. Ericson had made application for several patents, and at the time of his death he had a patent pending for a lifesaving device, for use in an elevator shaft. It consists of a series of floors in the shaft, which the elevator opens and closes as it passes up and down the shaft. Ericson's perpetual motion machine is a bulky contrivance, made up of cogs and weights.

INCICATIONS.—Fair and continued
warm weather; southerly winds brisk on the
lakes, cooler Saturday.

The Democratic ticket presented this
year is one that is entitled to hearty sup-
port from every member of the party.

The news from Indianapolis and Chat-
tanooga will give our Republican friends
occasion to laugh out of the other side of
their mouths.

The election at Indianapolis and Chat-
tanooga has a metallic ring to it that has
a tendency to produce confusion in the
ranks of goldites, tariff advocates and Re-
publicans in general.

EX-PRESIDENT HARRISON ought to take
action immediately in the matter of In-
dianapolis going Democratic right under
his nose. But it is really doubtful whether
he cared much how the election went.

MASON County Democrats can hardly
afford to let the Democratic ticket be
beaten again. Let's follow the example
set us this week by Indianapolis and
Chattanooga and keep up the good work.

The local correspondent of the Cincin-
nati Post seems to rest under the impres-
sion that young ladies who elope always
"slide down a board into their lovers'
arms" in escaping from the parental
home.

EVERY man on the Democratic ticket is
thoroughly qualified for the position he
seeks, and the people will make no mis-
take in voting the ticket straight. Espe-
cially is it entitled to the support of every
Democrat.

It looks as though the cities of Indian-
apolis and Chattanooga were not willing
to accord to the Republican party the
meed of praise it claims in the matter of
making prosperous times, from the way
they voted at their municipal elections.

SAMUEL PERRINE has made one of the
best and most faithful Deputy Sheriffs
the county ever had. His service as
such has thoroughly acquainted him with
all the details and duties of the office,
and the people can not make a mistake
in electing him to succeed Sheriff Jeffers-
on.

ALL who know the popular Democratic
nominee for County Clerk can warmly
endorse every word of the following from
the Dover News:

Clarence L. Wood, candidate for
County Clerk, was in Dover Wednesday
mixing with his many friends. Clarence
is just as clever a young man as ever
graced our Commonwealth, and when in-
stalled as County Clerk will make as po-
lite, agreeable and efficient an officer as
ever filled the position.

SINCE he decided to enter the legal pro-
fession no one has been a closer student
of the law than Charles D. Newell, the
present Democratic nominee for County
Judge. By his close application and his
devotion to his profession, he has won
the esteem and confidence of the public,
and attained an honored position at the
Maysville bar. A man of excellent judg-
ment, never hasty in his actions, well
read in the law, kind and courteous to
all, it is not going too far to say he would
make a model County Judge.

LOOK AT THE BOOKS.

Not Much, If Some Republican
Officials Can Prevent it.

Hot Times at Frankfort Over That Penitentiary Chair Factory Contract.

FRANKFORT, Ky., Oct. 13.—The Repub-
licans have not only refused to let the
Democrats "have a look at the books" in
the Frankfort penitentiary, but they have
actually turned Governor Bradley down,
and the assistants of the State Inspector
who had started to work on the books
were ordered to quit and the books shut
in their faces.

Some weeks ago Governor Bradley or-
dered State Inspector Lester to make a
thorough examination of the books and
affairs of the penitentiary chair contract,
and make some definite report as to
whether the State was making money or
losing money under the Martin contract,
and whether the State was realizing the
35 cents per day for the labor of each
convict guaranteed by the contract.

As this investigation progressed it be-
came necessary to have some expert tes-
timony as to the cost of making chairs,
in order to ascertain the true status of
affairs.

It was suggested to the Governor that
several disinterested chair manufacturers
should be invited to inspect the plant,
and then let the Inspector take their
depositions. The Governor adopted this
plan, and told the Inspector to see that
these experts had access to all records
and figures in the penitentiary that they
might need.

Armed with an order from the Inspe-
ctor the chair experts went to work on the
books this morning, but were stopped in
half an hour by the Deputy Warden, who
was acting under State Treasurer Long's
orders, the Governor and all the other
Commissioners being out of the city.
Long justifies his conduct on the ground
that Contractor Martin's rivals in busi-
ness have no right to examine his books,
and that the books were not open for the
inspection of nonresidents of Kentucky.
Treasurer Long is as mad as a wet hen
about it, and when Governor Bradley re-
turns home and find his orders have been
trampled upon he will get hotter. Mean-
time everybody, including Republicans,
believe the State is losing over \$100,000
a year under the contract, and the Sink-
ing Fund Commissioners are put in the
attitude of saying: "We know the State
is losing money, but don't want the chair
manufacturers to know it."

The manufacturers were Fred Weikel,
of Louisville; B. P. Burkhardt, President
of the Stomps-Burkhardt Company, Day-
ton, Ohio; J. M. Curls, Superintendent
of the G. J. Wilber Chair Company, Can-
nelton, Ind., and W. E. Rice, Superin-
tendent of the Heywood Bros. & Water-
field Co., Chicago. They made signed
statements telling how they had been
refused access to the books.

Treasurer Long declared that none but
Mr. Weikel had a right to examine the
books. Inspector Lester said he would
not contrive the Governor's order to mean
that any one but Weikel could investigate
the chair factory. He said Weikel could
make an inventory of the factory if the
Sinking Fund Commissioners consented.

He added that he thought he might
have to make an inventory later on.
This was in direct contradiction to the
Governor's orders. The Governor said
he would instruct the Inspector to have
the committee of chair manufacturers
make a thorough examination of the
chair business and to then take their
depositions. The statement of Fred
Weikel and Walter S. Forrester further
says:

"These chair manufacturers were in-
vited here on the strength of the Gover-
nor's promise to Mr. Forrester that such
a thorough investigation should be made
by them, and the Governor made good
this promise by issuing the necessary
orders to the State Inspector, and the
Governor stated that Mr. Long agreed to
this arrangement, and further agreed to
furnish copies of any records that might
be required, provided we would pay the
cost of copying such records.

"We find now that the State Inspector,

Royal makes the food pure,
wholesome and delicious.

acting on Mr. Long's demand, has refused
to carry out the Governor's instructions,
and we abandoned the attempt to secure
a non-partisan investigation of this chair
contract for the present. We have tried
in a courteous manner to secure a look
at the books, and this has been refused.
We denounce as unreliable any ex-parte
statement that may be made by the
Sinking Fund Commissioners or State
Inspector, when they refuse to admit
expert witnesses whom the Governor
and Inspector have summoned to ascer-
tain the facts connected with this chair
business.

"We also denounce as unfair the chair
contract, which not only takes the bread
out of the mouths of free labor, but
drives the manufacturer out of business
and increases his taxes in order to meet
the State's losses under said contract."

JUDGE DEARING.

What the Portsmouth Times Says of His
Speech at South Portsmouth.

Portsmouth Times: "There was a Re-
publican meeting called at Springville,
Ky., Tuesday afternoon. The attractions
advertised were Col. Worthington, W. G.
Dearing, candidate for Circuit Judge, and
Robert Meyers, candidate for Representa-
tive. Col. Worthington, the star, did
not appear. Cancelled on account of
sickness, it was said. The meeting was
but poorly attended, less than half a
hundred people being present. The show
was not very extensively advertised and
but few of the faithful from this side of
the river were in attendance. Judge
Holcomb was telephoned to come over
at the last minute. Judge Dearing did
most of the speaking. He has been
practicing with his voice quite a great
deal the last few weeks and it is said he
makes a good, big noise. Mr. Meyers
made a few short remarks and then
Judge Holcomb was pressed into service
for a speech. The Greenup County Re-
publicans are not enthusing worth a cent
in this campaign."

the opening.

Women Are Delighted

With the Dress Goods Novelties we are showing for fall and winter. All told there
must be something over one hundred different effects in the new black and colored
textures. Variety enough to please almost any fancy, isn't it? An attractive nov-
elty is called Haute Nouveaux. It's forty-two inches wide and comes in all the
fall shades in raised figure designs. Only 50c. a yard.

Plaids have a high place in fashion's realm. They are mostly in groups of four
colors softly blended and harmoniously associated. We have a charming assort-
ment of them. Wool, silk, silk and wool, 25c. to \$1.50.

Paris advices state that blues of all shades from Nansen to lavender are in
strong demand for fall costumes. We have a large stock of dress goods in blue col-
orings, 25c. to \$1.

APRONS.—Nobody ever dreamed of buying such aprons at 15c.; the manufac-
turer never expected to see the day when he'd sell them at such a price. But the
unexpected happens. White Lawn Aprons with broad hem and 2½ inch block in-
sertion above. Good size, too. No one ever heard of an equal apron bargain. We
have sold fifty less desirable aprons in a day. Don't miss these.

SATURDAY SPECIALS.—Good Corset Laces, round, 1c. a pair; beveled
edge hand mirror, polished wood back, 10c.; Needle Books, 2½c., containing one

COLOSSAL SCHEME

Of New York "Bankers" to Plunder the
Government in the U. P. Rail-
road Sale.

NEW YORK, October 13.—The World to-
day publishes the following: A steal in-
volving an immediate loss to the Govern-
ment of \$20,000,000 and an ultimate loss
of over \$50,000,000 will be consummated
within the next twenty days unless Pres-
ident McKinley interposes his authority
and protects the people. The Union
Pacific Railway Company owes the Govern-
ment over \$33,000,000. A pool of Wall
street bankers has engaged in a scheme
of reorganization which contemplates the
payment of 62 per cent. to the Govern-
ment, or less than \$33,000,000, while se-
curities subordinate to that of the Govern-
ment will obtain 175 per cent. upon
their claims. All the legal rights which
the Government might avail of in the
pursuit of the plunderers who rifled the
company's treasury are to be abandoned,
and terms of sale have been fixed which
absolutely bar every form of competition
and give the pool a big price. There are
scandalous rumors tracing a connection
between this colossal steal and the sub-
scriptions of Wall street to the Hanna
campaign fund, and the selection of at
least one prominent Cabinet official. If
President McKinley will act and prevent
this public robbery—worse than the bond
syndicate—the World will show him a
way.

The enormity of this scheme of public
plunder will be apparent when it is as-
serted that if conditions are made reason-
able it will name a syndicate which will
give to the Government a full, fair and
unquestioned equivalent for the debt.
The syndicate will expend \$5,000,000 to
dispose of all liens or claims that now pre-
cede or affect that of the Government.
The syndicate will pay \$5,000,000 in cash
on the day now fixed for the sale. It
will deposit \$15,000,000 United States
bonds to further secure the payment of
the Government's claim in full. The at-
tention of President McKinley is respect-
fully called to this grave scandal. There
is not the slightest intimation or suspi-
cion that he has had any knowledge of
these proceedings or of the methods that
have been employed. But there are men
in his confidence, men at his elbow, who
would betray him and lead him, bound
and helpless, into the camp of the money
changers. They are trying to use him to
promote their own selfish ends and to
rob the people.

COL. JOSIAH PATTERSON, who is making
speeches in Kentucky, per contract with
the "Money Devil," asked a question at
Lexington Wednesday night that came
near breaking up his meeting. Colonel
Patterson asked if at any time prior to
1876 any statesman had stated that the
two metals could be coined and kept in
concurrent circulation. Stanard Kin-
kead, one of Lexington's original free
silver men, arose and said that in 1878
Mr. Carlisle had denounced the gold
standard. There were cries of "Put him
out," and Col. Breckinridge advanced to
the front of the stage and asked if there
were no policemen present. Kinkead
replied that Col. Breckinridge was a fit
subject for policemen to arrest. At this
Col. Breckinridge ran down the steps
and approached Kinkead, but the crowd
rushed in and several men held the
Colonel while the others rushed Kinkead
from the room. As Col. Breckinridge
attempted to regain the stage his foot
caught on the upper step and he fell to
the floor.

EXCITING RUNAWAY.

Mrs. J. Lewis Patton and Children Have a Narrow Escape Thursday Afternoon.

There was an exciting runaway on Market street Thursday afternoon, but fortunately no one was hurt.

Mrs. J. Lewis Patton was out driving with her children. At the corner of Market and Fourth, some of the harness broke allowing the barouche to run forward against the horse, frightening the animal, which dashed down Market street.

The driver did his best to check the horse, but without success. Dr. Owens then ran out and attempted to stop the runaway but was unable to do so.

The turnout struck the esplanade and collided with the basin of the fountain, the collision fortunately freeing the horse from the vehicle.

Aside from the severe shock and fright the occupants escaped unharmed. Their escape from serious injury, however, was a narrow one.

Four of the men were released. They were Matt Meiner, Hubert Mittler, John Shannon and William Schoele.

Proposed Constitutional Amendment In Regard To Taxation.

The Object of the Amendment And Some Reasons For Its Adoption.

[Louisville Dispatch.]

The proposed amendment to the Constitution of Kentucky which enables municipalities to provide for taxation of property other than real estate and improvements thereon, based on income, licenses or franchises, will be submitted to a vote of the people of Kentucky at the next November election.

The preliminary steps have been taken by the General Assembly, and the proposed amendment is as follows:

"The General Assembly may by general laws provide for taxation by municipalities of property other than lands and improvements thereon, based on income, licenses or franchises which may be either in addition to or in lieu of ad valorem taxes thereon."

The effect and purposes of this amendment are to confer power on the legislature to permit municipalities to levy a license, franchise or income tax in lieu of an ad valorem tax on personal property. The whole matter is thus referred to the legislature and left under its control and submission.

The measure is an important one, and in the opinion of the Dispatch possesses much merit. At least it deserves the most serious and enlightened consideration on the part of the voters. Under our present law of taxation it is impossible to levy a tax on personality in large municipalities that is just either to the State or the citizen. Taxes are levied as of the 1st of September on personal property on hand and listed for taxation at that time. The tax laws take no notice of a citizen's possessions at any other period of the year, and it is an easy matter for the taxpayer in large cities to regulate his possessions with that fact in view. This fact makes an unjust discrimination between the honest and dishonest taxpayer. No taxation is just that is not equal, and while the present law aims at equality it is only a theory, the actual result showing gross inequality. In large cities personal property is daily changing hands, and even in the case of the honest taxpayer the amount of his taxes would be made to depend to some extent at least on chance. To secure equality in taxation there must be some certain definite standard of measurement as between the citizens. Leaving out of sight the possibilities of fraud under the present law on the part of dishonest taxpayers, it is well known that in these municipalities there are many concerns whose taxable property under the present law is double that of other concerns whose earning capacity and profits are much larger, and both of these concerns might have on every day of the year, but one, a large amount of personal property on which no taxes could be levied or collected. This is unjust to the State, because it loses much revenue to which it is entitled, and unjust to the citizen because it destroys equality of taxation, and seriously interferes with competition in business.

On the other hand if a judicious law be enacted providing for an income or license tax, which at least are substantially the same, perfect equality in assessment would be secured, and both the State and the taxpayer would have a definite rule under which to act. We distinguish between the different kinds of taxation, but at last they are and should be the same. Tax on real estate differs from a tax on the income of a business only in name. Real estate value is determined by its income, and it is assessed according to its value. The value of a man's business is determined by the income, and the rule as to taxation should be the same. The only difference between the two is the value of one is more variable than the other, but the principle of taxation as to each is the same. In municipalities large amounts of capital are invested in mere franchises, and in many cases large profits are realized from a business having little or no taxable assets. In other cases there is large nominal capital which is of very little actual value, and in all such and many other like cases the present mode of taxation is either grossly unjust to the State or ruinous to the taxpayer. The interests of the municipality and all other divisions of the Commonwealth on this subject are identical. The municipality is the home of the factory, the workshop and the center of trade. If the factories are multiplied, the trade increased and made more active, every one profits by it—on the other hand, if the factories are closed, or operated under burdens they can not carry, actively in all branches of trade is destroyed and all suffer. The people should consider and vote on this amendment in a spirit of liberality and with a

full knowledge of the situation. If the measure be adopted the Dispatch believes that the Legislature will provide a system of taxation that will be fair to the State, and fair to the taxpayer, and that all parts of the Commonwealth will be benefited by the change. At all events it could do no harm to confer on the Legislature a discretion in this matter.

The big, hearty, healthy man is a continual irritation to his dyspeptic friend. Constipation is the root of nine-tenths of the sickness of men, and of a large proportion of the sickness of women. It can be cured easily, naturally and quickly. Nature is continually working as hard as she can to throw off impurities, and to force out poisonous refuse matter. When there is an impediment, Dr. Pierce's Pleasant Pellets set the wheels working again without any trouble. They assist nature in a gentle, healthful, efficient way. There is nothing violent about their action, and yet it is just as certain as if it were twice as violent. "You do not become a slave to their use." They are different and better than any other pill for the cure of constipation, headache and kindred derangements. Almost all druggists understand this, and are conscientious enough to tell you so. The druggist who tries to sell you a substitute is not a safe man from whom to buy medicine. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Commonsense Medical Adviser," profusely illustrated.

The Friend of the People.

Dover News: "There is not the slightest reason why any man should not support the Democratic ticket in Mason County this fall. And there are many reasons why every man, be he former Democrat or Republican, should stand by the old Democratic party, which is and always has been the friend of the people."

The Maysville representatives to the I. O. O. F., Grand Lodge meeting all returned from Owensboro last night, except Messrs. George H. Frank, William Smith and J. C. Rains.

On account of the Louisville Driving and Fair Association the C. and O. will sell tickets from Maysville to Louisville at one fare, \$4.50, for round trip. Tickets on sale October 17th and 18th. Return limit October 29th.

MILLERSBURG Raven: "While out hunting Tuesday Mr. John Peed accidentally shot Mr. G. S. Allen. Neither of them can explain exactly how it was done, but, as Mr. Peed was shooting at a rabbit, one shot struck Mr. Allen directly above the eye. It was taken out shortly after, and now Mr. Allen feels very little worse for wear. The affair was purely accidental and by no means serious."

Ladies' Soliciting Committee To Meet This Afternoon—Literature For The Reading Room.

The Ladies' Soliciting Committee, mentioned in these columns a few days ago, have begun their canvass of the city for the purpose of securing contributions. If possible, from every lady in Maysville toward a "ladies' fund" for the benefit of the local Y. M. C. A. The fund secured in this way will be devoted among other things to the purchase of necessary literature for the Y. M. C. A. reading room, a most excellent privilege of the many afforded by the association and the one which is offered free to all young men of the community. In all, nearly fifty standard publications, daily, weekly and monthly, are now kept on file in the reading room, thus affording variety and instruction to meet the tastes of all its patrons.

The members of this committee are kindly requested to meet for a brief season at the association parlors this (Friday) afternoon at 4 o'clock to report the progress made thus far. Patrons of the association reading room will be pleased to learn that the Cincinnati Times-Star, which was first given to the association by Mr. Wm. Outten, when he had charge of the paper, will now be continued through the generosity of his successor, Mr. Henry Wilson.

The Commercial Tribune and Courier-Journal are provided as formerly by Messrs. W. H. Lynch and H. Taylor respectively, and the local papers are also donated by the publishers. The association extends hearty thanks to these good friends for their valued contributions toward the reading room literature.

WOMAN'S BOARD OF MISSIONS.

An Important Christian Gathering at Indianapolis.

INDIANAPOLIS, Oct. 15.—The national convention of the Christian Woman's Board of Missions opened last night with the annual social given at the Central Christian church. The church was beautifully decorated with autumn foliage and potted plants.

Formal exercises of welcome by local church workers attended the opening. Dr. D. R. Lucas, Mrs. O. A. Burgess, national president of the Christian Woman's Board of Missions, and the Rev. B. A. Jenkins delivered brief addresses of welcome. The remainder of the evening was devoted to informal greetings.

The attendance surpasses all expectations. At last year's convention there was an enrolled attendance of 800. Already there are enrolled at this convention 1,200 and delegates are still coming on every train. Probably 3,000 delegates will attend. The local arrangements committee is having a hard time finding entertainment quarters.

There is already much talk of a consolidation of the Christian Woman's Board of Missions with the Foreign Christian Missionary society and the American Christian Missionary society. The last two hold their conventions here next week and a plan of union may be agreed on. At present the societies solicit the churches independently for mission contributions, and the society that solicits first usually gets the money. It is now proposed to unite, establish four Sundays a year when money is to be solicited for general mission purposes and leave the general convention to decide on how much each society is to get. The matter will be brought up by the report of the committee on consolidation appointed by last year's convention.

DRAWN FROM THE TRAIN.

A Runaway Girl Whose Feet Caught on a Cattle Guard.

LIBERTY, Ind., Oct. 15.—Leola Benedict, daughter of G. W. Benedict, of this place, is a bright, handsome girl of 14 years, somewhat wayward and disobedient. Wednesday night she dressed in a suit of her brother's clothes and boarded the 9 o'clock westbound passenger train, taking a position on the rear platform of the rear coach.

As the train entered Brownsville, five miles west of this place, she had taken a seat on the bottom step. Her feet hanging down, caught in a cattle guard, dragging her from the train. She was found badly injured and taken home. Not till then did those who found her know that she was a girl, nor did her mother know of her escape.

PITTSBURG, Oct. 15.—Captain W. W. Mr. Martin was formerly a prominent captain on the Ohio and Mississippi rivers.

"Absence Makes the Heart Grow Fonder."

The speaking face, looking forth from cardboard, is the wonder of this wonderful age, and every Phyllis has her leader near her in picture form at least. It's but a small tribute to love to have the faces of those we love made enduring through absence and death by the photographer's art. This is our mission—to exalt beauty. Look at this life-size portrait and handsome frame \$1.50. Dozen splendid cabinet photos \$1.
